## YOU CAN PARTICIPATE IN OUR NEXT TISSUE COLLECTION EVENT

### DID YOU KNOW?

**Breast cancer is the most common cancer type among adolescents and young adults of age 15-39 years of diagnosis.**

### Get Involved - Be a Tissue Donor

**Anyone** - female or male, young or not-so-young, of any race or ethnicity - can develop breast cancer. Consider donating your healthy breast tissue for research.

[Click here to join our interested donor list!](#)

## When and Where ?

**Date and Time:** Saturday, October 19, 2024,  
8:00 am - 2:00 pm

**Location:** IU Health Simon Cancer Center,  
2nd floor Women's Clinic, 1030 W Michigan  
St, Indianapolis, IN 46202

### DID YOU KNOW?

**More than 12,000 women younger than 40 were estimated to get a diagnosis of breast cancer in 2020 alone.**

**Participants (both male and female) must be at least 18 years of age and have no signs of breast cancer.**
